

How shall I come forth?
How shall I ascend?
By day, by night,
my coming-into-being evolves.

By the dark fire of Set,
by the piercing laser vision of Horus,
by the balancing wisdom of Thoth,
I come forth to learn my True Will
and bring it into fruition.

By the secret magic of Isis,
I renew myself.
By the radiant magic of Hathor,
I extend blessing-strength to those I love.
By the fiery magic of Sekhmet,
protection to those I love.
Ever renewed, ever renewing,
the great cycle of Ma'at is complete.

How shall I come forth?
How shall I ascend?
By day, by night,
my coming-into-being evolves.
